YOU are hereby notified to meet at Town Hall in said Plymouth, on Tuesday, the tenth day of March next, at ten of the clock in the forenoon, to act upon the following subjects.

1. To choose a Moderator to preside in said meeting.
2. To choose all necessary Town Officers for the year ensuing.
3. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation of the same, including free text books and other supplies for the public schools.
4. To see what sum of money the town will vote to raise or appropriate for decorating soldiers' graves.
5. To see if the town will vote to raise the highway tax in money and how much and in what way it shall be expended.
6. To see what sum of money the town will vote to raise or appropriate for lighting streets.

7. To see what sum of money the town will vote to raise or appropriate to pay firemen.

8. To see what sum of money the town will vote to appropriate for school purposes.

9. To see what sum of money the town will vote to raise or appropriate to purchase figure for a fountain in the town cemetery and to choose an agent to purchase and erect the same.

10. To see what action the town will take in regard to lighting the streets by electricity, making contracts with any person, firm or corporation, for furnishing such lights, establishing an electric plant for public and private use, taking stock in any company for the purpose of purchasing such lights, appointing committees, or posting voters relating to the subject matter of this article, and raise such sum of money as may be needed for the same.

11. To see what money the town will vote to raise to pay the Plymouth Cornet Band for open air concerts during the summer of 1891.

12. To see if the town will vote to lease the Town Hall for a term of years at \$50.00 per year.

13. To see if the town will authorize the selectmen to borrow money to pay the debts of the town and give notes for the same countersigned by the town treasurer.

Given under our hands and seal, this twenty-first day of February, in the year of our Lord eighteen hundred and ninety-one.

BOARD OF HEALTH.

---

The Board of Health respectfully submit the following:—

We have all reason to be thankful that though there have been quite a number of cases of infectious diseases reported during the past year, none have resulted fatally, so far as we have been informed. There has not been a case of malignant contagious disease in our town during the year, which speaks well for its healthfulness.

The Board have attended to and abated all nuisances that have been reported. The Board would most earnestly call your attention to the condition of the sewer emptying into the river near the railroad yard—the large sewer carrying a large amount of sewerage empties into a smaller sewer near the Record office. During heavy storms the smaller sewer will not carry away the contents of the larger and there is such a pressure that the sewerage is forced back and out of the large pipe, even into the cellars of adjacent buildings. This arrangement not only creates a nuisance for the immediate locality, but endangers the health of a large portion of our community.

Our recommendations to the selectmen of the town early in the year, were that the matter should be remedied at once by increasing the size of the outlet, a distance of only a few rods. This has not been done and we think it should be attended to at the earliest possible moment, as it would be dangerous to attend to it during the heated term.

There have been some improvements made at the reservoir, but we would also recommend that such further measures be taken as shall be deemed necessary to entirely pre-

vent the surface water from the highway flowing into, and contaminating the drinking water of our village.

Our townsmen may not be aware of the inestimable value of this same water supply. The samples of well water of this village which have been sent to the State Assayer for analysis, have with few exceptions been pronounced unfit for use.

We have had few cases of typhoid fever since the introduction of this water, and those cases, when not imported, have been almost entirely restricted to families where other drinking water has been used.

Respectfully submitted,

## REPORT OF HIGHWAY SURVEYORS.

---

This department may be said to have passed the experimental stage, as this is the fourth year that it has been conducted on a cash basis. That it has been a success is abundantly proved, by the steady improvement in the condition of our roads, and the decrease in cost of maintaining them. It has been the policy of this department to construct as much macadamized, or permanent road each year as the money raised would warrant. It has also been the policy of this department to make as few changes in those having charge of highway districts as possible; believing that the more experience a man has in road making, the more efficient and valuable to the town his services become. We desire to express our thanks to the Superintendents, for their careful, economical, and efficient management of the districts under their charge.

The street on the west side of the common has been graded, macadamized, and sidewalk built; Main street macadamized from opposite blacksmith shop north nearly to railroad crossing, at an expense of about \$600. Summer street has been regraded, and sidewalk widened. In accordance with the action of Selectmen, we expected to widen, grade, macadamize and build sidewalks on both sides of Court street, last fall, and considerable money was held back for that purpose, but unexpected delays made it necessary to postpone this work till early spring.

The amount standing to the credit of this

department, as per last report,	\$ 976 96
Highway tax for 1890,	3,644 44
	\$4,621 40

Expended for year,	\$3,332 95
Balance available coming year,	\$1,288 45

We respectfully recommend that one-half of one per cent. tax payable in money, be raised for highways the coming year.

Respectfully submitted,

A. M. KIDDER,	} Highway Surveyors.

## FIRE DISTRICT WARRANT.

## STATE OF NEW HAMPSHIRE.

*To the Inhabitants of Plymouth Village Fire District.*  
[L. S.] *qualified to vote in District Affairs:*

You are hereby notified to meet at the Hose House Hall in said District, on the eleventh day of March, A. D., 1891, at half past seven o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for said District for ensuing year.
2. To choose a Clerk for said District for the ensuing year.
3. To hear the reports of Firewards and Auditors for the year ending March 1st, 1891, and pass any vote relating thereto.
4. To choose as many Firewards for the ensuing year as said District shall by vote determine.
5. To see what sum of money the District will vote to raise to pay the Plymouth Aqueduct and Water Company for water, and the Methodist Society for land rent for the ensuing year.
6. To see what sum of money the District will vote to raise for the purchase of hose, hooks, ladders, and all other necessary apparatus for the extinguishment of fires, and for other necessary expenses and charges of said District.
7. To see what sum of money the District will vote to raise for the purpose of purchasing a system of fire alarms for said District.

8. To see what sum of money the District will vote to raise for sewers.

9. To choose any Agents, Auditors, or Committees in connection with any subject embraced in this Warrant.

## REPORT OF FIREWARDS.

---

PLYMOUTH FIRE DISTRICT FOR THE YEAR ENDING  
MARCH 1, 1891.

The Village has been less favored in regard to fires the past year than for several years previous, having had five during the year, to all of which, Pemigewasset Hose Co., No. 1, promptly responded, and as the public are aware, did good work with what apparatus they had which has proved inadequate in every case. Had the Company been fully equipped with sufficient hose and a ladder truck, that the ladders might have been available, they would have been able to have fought the fiery element with much better results, and we again earnestly recommend that the district procure a ladder truck, and from 300 to 500 feet of hose, which is absolutely necessary to enable the Firemen to work to the best advantage possible.

During the past year we have purchased a set of fire-hooks, and with the additional apparatus recommended, the Hose Company would be in good condition.

The Firewards have made some investigation in regard to a Fire Alarm system for our Village, and owing to the existing feeling in regard to the ringing of the church bells as a fire alarm, we think the District should take some action in the matter of procuring a fire alarm system with several boxes located in different parts of the District, that an alarm may be rung in giving the location of the fire, thus calling out the Hose Company in the shortest possible time, instead of going half a mile, or more, to have the church bells tolled for an alarm. An electric system can be put in at a small expense, covering the District, giving

those who live at a distance from the Hose House a better chance of having their property protected in case of fire.

Pemigewasset Hose Company, No. 1, consists of the following men:

Eri George, Foreman.  
 J. Frank Gould, Asst. Foreman.  
 Louie I. Moulton, Clerk.  
 Frank E. Batchelder, Treasurer.  
 Irving Emerson,  
 Joseph Greenwood,  
 Frank Harran,  
 Sceva Spear,  
 Uriah D. Cooper,  
 James O'Shea,
